

SCGS CCA PROSPECTUS 2023

~ A Student-centric Values Driven Education ~

Education at SCGS is a distinctive blend of holistic education that aspires to allow each student to explore and be developed in the special areas that will allow her to grow as a whole person. Apart from the core academic work and the enrichment activities, SCGS offers a range of co-curricular activities that cater to the students' varied interests and capabilities.

This prospectus is primarily for students entering SCGS Secondary school and to help them decide which CCA to join. It is intended to guide the student to understand what is involved in each CCA, whether it will suit her and the likely commitment expected.

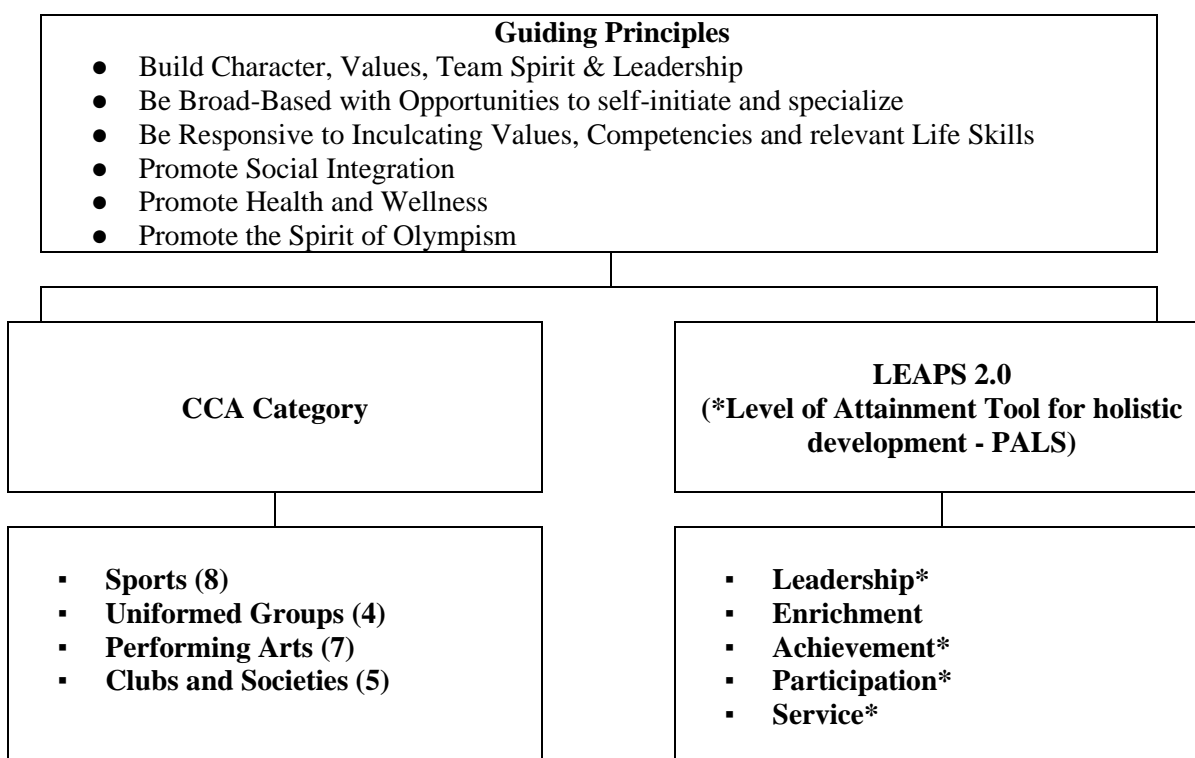

Co-Curricular Activities Framework

CCA LEAPS 2.0 has been designed to:

- Motivate students towards **holistic and balanced participation** through the co-curricular programmes
- Facilitate the **learning** of values, skills and competencies **for life**
- Recognise **diverse interests** of students; developing students to be **self-directed learners**
- Recognise the **“home-school-community” approach** to holistic development of every child

The CCA framework is one that is committed not only in developing skills but in developing character and instilling core values in our students.

Table 1

School Policy

1. CCA participation is compulsory for all students in secondary school. All students are expected to take part in at least one school-based CCA from the 4 groups namely: Sports, Uniformed Groups, Performing Arts, and Clubs and Societies. (Table 2)

- Attendance rate is based on the main CCA. Points are awarded under the LEAPS 2.0 CCA level of attainment. Students are expected to participate fully and have at least a 75% attendance rate. Absence from CCA is thus taken seriously and students must produce a Medical Certificate for any absence from CCA sessions. Letters from parents are accepted but will be counted against the students' attendance rate. For example, if a student is expected to attend 10 sessions of CCA and she is absent for 5 sessions with 5 letters from parents, she is considered to have a 50% attendance rate. Students will be excused from CCA only if she is covered with an MC or has a valid official reason approved by the school.
- Students are encouraged to pursue and specialize in the same core CCA from Sec 1 to 4. Students may opt for a change of CCA at the beginning of each academic year. They are not allowed to change CCA at any point in the academic year unless permission is given by the HOD CCA/ PE only. In such cases, the recognition level awarded for the previous CCA will be credited to the student's new CCA.
- NCC and Band are mandatory CCA. Students are required to remain in these CCA for the years in secondary school. All points accumulated will be annulled if the student leaves NCC or Band without a valid medical reason.
- Students joining Uniformed Groups are strongly encouraged to remain for 4 years in secondary school to fully benefit from the programme.
- Students who are state representatives for Sports and other areas may be exempted from CCA in school. However, the conditions stipulated by the school must be satisfied and approval given by the school before exemption applies. Requests must be submitted to HOD PE/CCA with supporting documents from national organizing agency. Students attending private training with an external organization are required to fulfil CCA attendance and participation fully regardless of the frequency and intensity of external training.
- Students are awarded a level of attainment (Levels 1 – 5) based on the four domains (Participation, Achievement, Leadership and Service) at the end of Secondary 4 and this is converted to bonus points which may be used for application for admission to centralized institutes, junior colleges, polytechnics and ITE (see Table 3). For Integrated Programme students, they will be awarded corresponding marks which can be used for promotion to Eunoia Junior College (details will be given to students during CCA briefing).

a) Participation

- Affirms students' **sustained development** in school-based CCA throughout secondary school.
- Student can choose from Sports, Arts, Uniformed Groups, Clubs and Societies.

b) Achievement

- Affirms students' **character development and efforts** in representing the school/external organisations in events.
- Students diverse interests and talents are recognised as events can go beyond CCA and beyond school.

c) Leadership

- Affirms students' **development as a leader.**
- Students are developed through leadership modules, National Youth Achievement Award and leadership positions.

d) Service

- Affirms students' contributions to the community and development as **responsible and active citizens**
- Students serve the community through schools' Values-In-Action programmes

* **Enterprise, Citizenship, Self-Management & Social Life Skills, Physical Activities & Sports, Aesthetics**

9. School recognition of the students' outstanding performance in CCA.

- **CCA Sports Scholarship / Achievement Award**

This is offered to the individual student who has reached a certain level of excellence defined by the School in the chosen Sport.

- **CCA Merit Award**

This is given out on Honours Day for students who have contributed greatly to their CCA.

- **Honours Day Award**

Awards given out on this special event are for CCA members who have reached a certain level of excellence defined by the School.

Description of CCA:

Gymnastics is a sport that develops each gymnast's physical abilities in balance, strength, flexibility, agility, coordination and endurance. The movements involved in gymnastics contribute to the development of the arms, legs, shoulders, back, chest, and abdominal muscle groups. In SCGS, gymnastics typically involves exercises on bars, beam, floor, vaulting horse and trampoline. Our goal is to provide a positive environment where our gymnasts can have a taste of success and lay the foundation for success in life. Through discipline, pure hard work, sacrifice and application of fundamentals, with lots of grit in life, the team will grow in their skill competency and execution of skills. Good attitude and strong commitment are keys to our success.
